

# Diamond Pro Red Infield Conditioner

**Diamond Pro Red Infield Conditioner** is a unique blend of vitrified shale particles that have been specifically designed to enhance the overall performance of your infield. With a rich, red color that adds focus to an infield and adds contrast to ground balls, this product is a beautiful addition to any infield.

**Diamond Pro Red Infield Conditioner** gives a field the professional look and feel that all coaches and players require. It is exceptional as both a Top Dressing and Soil Conditioner. Though it has been designed to meet performance expectations of Professionals, Diamond Pro Red Infield Conditioner is affordable for all levels of play. The screened particles are ready to use, never break down and stabilize all types of saturated soils. It packs well, drains well, and stays put.

**Specifications:** 55 pounds per cubic foot (Loose) = 1.35 Yards: 1 Ton  
63 pounds per cubic foot (Compact) = 1.15 Yards: 1 Ton  
27% Absorption
